### Suggestions for Legislature

I don't expect our state legislators to fully embrace the Libertarian Party platform this session, but I would like to make a few suggestions.

Republicans should seek guidance from the Texas Public Policy Foundation and return to their traditional role as a defender of free markets and limited government.

Similarly, Democrats should seek guidance from the Texas affiliate of the American Civil Liberties Union and work to protect our civil liberties as outlined in the Bill of Rights.

Of course, the Libertarian Party will remain a place for people committed to freedom on all issues.
