BROOKE ROLLINS Fort Worth, TX

A MESSAGE FROM THE CEO

During the legislative interim year in 2022, we fired on all cylinders to ensure that Texas and America remain the freest places on Earth. We published volumes of rigorous research, assembled coalitions, educated legislators and stakeholders, and further forged a movement standing for liberty.

In the last Texas legislative session, the Texas Public Policy Foundation was directly involved in more than 70 pieces of legislation that made Texas more free and prosperous. It was our best year yet—and next year will be even better.

TPPF is all in to enact universal school choice in Texas and we are encouraged by Governor Abbott's historical commitment of support for parental empowerment.

We've built communities of tens of thousands of passionate parents and educators all focused on one vitally important goal: improving the quality of our children's education through transparency, respect, and choice.

We've fundamentally changed the conversation on property taxes—this past year, Governor Abbott and other members of the legislature committed to using the record budget surplus to deliver the largest property tax cut in Texas history.

TPPF's litigation Center for the American Future is winning lawsuits that hit back against the progressive agenda of the Biden Administration. With every victory, the courts affirm more of our rights and further protect our liberties.

We're charging forward on these issues and so many more. We've laid a tremendous foundation for the upcoming legislative session. Last session's successes were great, but we're ready to eclipse them.

The fight ahead will be hard, but we're prepared. With the support of people like you—honest, hardworking people across Texas and America who value the liberties we were born with—we're certain we will win.

I look forward to reporting next year on what we will accomplish, together.

—Greg Sindelar, CEO

BUILT FOR SUCCESS

Texas has long been a maverick. The Texan spirit of independence, innovation, and self-reliance is needed to tackle the host of problems facing Texas and America. The Texas Public Policy Foundation (TPPF) is built for such times. We've reinvigorated our leadership and organizational structure to better advance our unswerving mission to keep Texas and America the freest places on earth. We've made strides throughout 2022 to secure liberty, prosperity, and human flourishing in all that we do. Put simply—TPPF is built for success.

A NEW CEO WITH DEEP ROOTS AT THE FOUNDATION

In late 2021, former Executive Director and Chief Operating Officer Greg Sindelar took the helm as CEO of TPPF. Greg, long a core contributor to TPPF's success and growth, now continues to lead TPPF in remaining the largest and most successful state-based think tank in the country.

STRONG LEADERSHIP WITH A WEALTH OF EXPERIENCE

Along with a change in CEO, TPPF elevated Robert Henneke to Executive Director and JB Horton and Jerome Greener to Executive Vice Presidents. This strong leadership bench, with years of experience in policy, litigation, development, and community engagement, gives TPPF a clear path toward future stability and growth.

DILIGENT EFFORT TO SAFEGUARD TEXAN VALUES

In tandem with a renewed leadership structure, the TPPF team has enhanced our policy capabilities, with pioneering new campaigns such as Better Tech for Tomorrow, and added exciting new competencies to support drafting stellar legislation and to expand outreach efforts that engage the grassroots.

2022 Overton Award
Greg Sindelar

At State Policy Network's Annual Meeting, CEO Greg Sindelar was honored with the 2022 Overton Award, an esteemed recognition for nonprofit leaders who embody the qualities of leadership, loyalty, humility, and support for the cause of liberty.

Mandy Drogin, Next Generation Texas campaign manager, sits for an interview in TPPF's new Communications Studio.

EMPOWERING PARENTS

WE'RE ADVANCING A NEW ERA OF K-12 EDUCATION POLICY BY PROMOTING UNIVERSAL EDUCATION FREEDOM. PARENTAL EMPOWERMENT IS OUR HIGHEST PRIORITY FOR THE 88TH TEXAS LEGISLATURE.

Education reform must elevate quality, respect, transparency, and choice: the key ideals of our comprehensive campaign to educate and persuade lawmakers and everyday citizens in 2022. Our efforts have earned powerful allies, including Texas Governor Greg Abbott and Lieutenant Governor Dan Patrick. In August, Governor Abbott endorsed key policies aligned with our recommendations. The following month, TPPF and our allies successfully stopped the State Board of Education from adopting ideologically driven standards into the state curriculum—a major victory.

TPPF has united and activated an unprecedented coalition for education freedom. We've built a grassroots army of over 153,000 activists for the cause. In fourteen events across Texas, our "Parental Empowerment Tour" brought together local stakeholders in key legislative districts.. We're paving the way to secure and defend Texan values in education in 2023 and beyond.

FUELING THE FUTURE

OUR LIFE:POWERED INITIATIVE STRIVES TO BUILD A FUTURE OF PROSPERITY THROUGH RELIABLE, AFFORDABLE ENERGY.

Life:Powered's policy solutions and message are increasingly necessary as Americans buckle under rising fuel costs and limited energy supply. Combatting energy discrimination, so-called "environmental, social, and governance" (ESG) investing, is crucial for Texas and beyond. Thanks to our efforts, Texas Comptroller Glenn Hegar published in August 2022 a list of financial companies and investment funds that the State of Texas will no longer do business with because they discriminate against energy companies—shielding more than \$50 billion in state funds from ideologically charged companies.

Our efforts have been amplified, and several states have followed our lead, passing similar ESG legislation in Kentucky, Oklahoma, Tennessee, and West Virginia. We aim to help at least 15 states pass bills modeled on our policy this year.

Life:Powered also works to ensure that future generations of leaders champion the power and potential of American energy through our Foundations of Energy curriculum, which highlights the importance of fossil fuels for human flourishing.

Life:Powered director Jason Isaac discusses failed "green" policies with Jesse Watters.

OUR MISSION BEYOND TEXAS

States across the nation are working with the Texas Public Policy Foundation to follow our lead on key policy issues that will improve life for all Americans.

See how we helped change the face of America in 2022.

LIFE:POWERED

States are proposing and enacting reforms modeled on legislation pioneered by TPPF and carried forward by a national coalition working to fight woke capitalism have been passed or introduced.

Passed: Texas, Kentucky, Oklahoma, Tennessee, West Virginia

Introduced: Arkansas, Florida, Indiana, Iowa, Missouri, Montana, Oregon, Nebraska, Nevada, New Jersey, New York, North Dakota, South Carolina, Virginia, Washington

RIGHT ON CRIME

Right On Crime operates in Washington, D.C. and the following states:

Texas, Arizona, Florida, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, Tennessee, Utah, Virginia, West Virginia

CONSERVATIVE TEXAS BUDGET

Policy centers in multiple states have publicized conservative, sustainable budget proposals modeled on the formula pioneered at TPPF as the Conservative Texas Budget:

Texas, Alaska, Iowa, Florida, Louisiana, Michigan, Montana, South Carolina, Kansas, Tennessee, Mississippi, Colorado

Americans for Tax Reform will soon release a map with every state's Sustainable Budget based on our approach.

RIGHT ON HEALTHCARE

Right On Healthcare, our campaign to put Americans in charge of their own medical decisions and promote high quality, affordable care, has helped advocate for reforms in:

Texas, Alaska, Indiana, Iowa, Montana, Wisconsin

APPLYING CONSERVATIVE PRINCIPLES TO CRIMINAL JUSTICE POLICY IS VITAL.

Read our statement of principles.

RESTORING JUSTICE

RIGHT ON CRIME, OUR CRIMINAL JUSTICE CAMPAIGN, CHAMPIONED POLICY SOLUTIONS IN STATES ACROSS THE COUNTRY.

Right on Crime (ROC) works at the state and federal levels to improve public safety, restore victims, reform offenders, and lower taxpayer costs. Our policy analysts, attorneys, and subject matter experts are present in thirteen states, with a growing presence in Washington, D.C. ROC's broad geographical reach and expertise have allowed us to advocate for evidence-based policies across the country and increasingly at the federal level.

Also, in 2022, ROC launched the Prosecutorial Innovation Project to support innovations in prosecutors' offices around the nation that keep communities safe while reducing incarceration.

The Right On Crime team from all over the country pictured together at TPPF's headquarters.

➤ **TEXAS** - ROC's executive director Brett Tolman was appointed as the only non-legislator member to the Texas House Interim Study Committee on Criminal Justice Reform by House Speaker Dade Phelan.

➤ **OKLAHOMA** - Due to ROC's efforts, Oklahoma passed a clean slate expungement program that allows individuals with a criminal background to expunge their criminal record if they meet certain standards for good behavior; expungement allows better access to jobs and housing and reduces recidivism.

REINING IN BIG TECH

TPPF LAUNCHED OUR BETTER TECH FOR TOMORROW CAMPAIGN TO ADDRESS EMERGING CHALLENGES PRESENTED BY TECHNOLOGY POLICY.

The proliferation of technology presents a new frontier for TPPF to leverage its expertise in research, outreach, and messaging—ensuring that the future of Texas remains bright. TPPF will define conservative solutions to new challenges that technology presents, fight back against the abuse of user data by Big Tech, and promote responsible innovation.

In 2022, our research focused on issues such as consumer data privacy, promoting broadband expansion in rural Texas, and requiring social media age verification to stop tech companies exploiting children to peddle a harmful product.

PREPARED FOR THE FUTURE

TPPF has identified new tools and new opportunities in our fight for freedom. Our video production center, litigation efforts, public outreach campaign, and youth outreach programs allow TPPF to be at the tip of the spear in securing a brighter, freer future in the 88th Texas Legislature and beyond.

TELLING THE TRUTH BOLDLY

OUR FILMMAKING ENGAGES, EDUCATES, AND INSPIRES AN EVER-GROWING AUDIENCE WITH STORIES BOTH TIMELY AND TIMELESS.

Visual media is a vital tool in the fight to preserve American and Texan history, identity, and values. Our video productions reach new audiences while further engaging our existing supporters. Our *Forging Texas* history series presents the inspiring story of Texas' history in exquisite detail. In November, TPPF premiered the series at the Bullock Texas State History Museum IMAX Theater—a sold-out event, with nearly 300 people in attendance.

Beyond *Forging Texas*, video products like Quick Takes videos and our mini-documentary on homelessness, provide digestible, humanizing content to touch hearts and minds.

The *Forging Texas* series continues to produce new episodes.

To see photos from the premier of our completed videos in the series, see page 11.

DEFENDING THE CONSTITUTION

OUR LITIGATION CENTER BOLDLY UPHOLDS LIBERTY AND THE SEPARATION OF POWERS THROUGH LEGAL OPPOSITION TO GOVERNMENT OVERREACH AT EVERY LEVEL.

Our growing team of lawyers within TPPF's Center for the American Future, housed in a newly built-out fifth floor, has secured historic victories for Texans and Americans. CAF won the initial injunction stopping Biden's private employer vaccine mandate; CAF received the State Policy Network's award for defending Americans harmed by the mandate. In October, CAF argued alongside the Texas Attorney General's office before the Fifth Circuit in defense of Texas' election integrity bills. CAF's expanded team allows for new defenses of liberty—like our lawsuit defending the Second Amendment against unconstitutional actions by the federal ATF agency. CAF's *Seafreeze* lawsuit fighting proposed offshore windfarms was recently featured on the front page of the *New York Times*.

TRAINING TOMORROW'S LEADERS

WE'RE REACHING YOUNG TEXANS WITH POWERFUL MESSAGES TO ENSURE A BRIGHT FUTURE FOR GENERATIONS OF TEXANS TO COME.

To cultivate young Texans is to forge the future of the conservative movement and bolster our heritage of freedom. In 2022, TPPF inaugurated the Richardson Youth Liberty Fellowship for high school students with a nine-week program on policy process, professional and personal development, and foundational conservative readings.

TPPF also continued its internship program and the Liberty Leadership Council, which launched its eighth location in Tyler, Texas, in 2022.

Ten students were selected as the inaugural Fellows, pictured above with TPPF staff.

I LOVED HAVING THE CHANCE TO WORK WITH PEOPLE MY AGE WHO SHARE MY INTERESTS AND VALUES.

—Quote from a student participant

The Hon. Ron Simmons, Rep. Dustin Burrows, and Rep. Greg Bonnen speak about education reform in Texas.

ACTIVATING TEXAS CITIZENS

TO BUILD AND ENGAGE TEXANS IN OUR FIGHT FOR LIBERTY IN THE 88TH TEXAS LEGISLATURE, TPPF EMPLOYS A SOPHISTICATED PUBLIC OUTREACH STRATEGY.

TPPF recognizes that elected leaders are more responsive to adopting policy solutions when they know their constituents already support reform. So TPPF is employing a sophisticated, targeted grassroots campaign to secure our legislative goals in Texas, especially education freedom.

TPPF uses varied communication and outreach strategies, such as online messaging, traditional commentary, social media outreach, livestreams, podcasts, billboards, and radio, to recruit Texans to our cause.

Moreover, TPPF has held events in important legislative districts to connect stakeholders with our reforms. These efforts have allowed TPPF to engage over 153,000 grassroots activists in our parental empowerment fight.

This motivated cohort will be called upon to take action and contact their legislators during the 88th Texas Legislature: one of our most potent weapons in the fight for freedom in Texas.

BY THE NUMBERS

OUR MESSAGE IS REACHING MORE PEOPLE ON MORE PLATFORMS THAN EVER BEFORE

Through our efforts, grassroots activists and Texas patriots continue to rely on our expertise in 2022 ahead of the 88th Legislative Session. These individuals looked to TPPF for guidance on Texas’s greatest challenges and pathways to communicate with lawmakers.

Many lawmakers themselves participated in our work throughout the year. TPPF is able to convene public officials and engaged citizens to coalesce around the causes that keep Texas Texan. Take a look at how we continue to drive the conversation in Texas.

77 EVENTS HOSTED IN AUSTIN AND ACROSS TEXAS

5,000+ total attendees for all events
25,000+ views of our event livestreams

NEW RECORDS FOR MEDIA MENTIONS AND APPEARANCES, WITH SOARING ENGAGEMENT ON SOCIAL MEDIA

12,900 mentions in external media
900 booked interviews
105 press releases
40.8 million social media impressions
400,000 engaged followers

The Cannon Online exists to help promote the ideas that will help keep Texas Texan, and help keep America the most free and most prosperous nation in the history of the world.

FORGING TEXAS

EVENTS AND ENGAGEMENT

A fundamental component of the mission of TPPF is engaging with citizens and policymakers through events that disseminate data and provide a forum that allows individuals to voice their priorities and concerns. TPPF hosts various in-person events, livestreams, engagement dinners, awards dinners, and an annual three-day conference that is the largest conservative policy conference in the nation.

20TH ANNUAL POLICY ORIENTATION

CONVENING TEXAS AND AMERICA'S MOST INFLUENTIAL LEADERS TO DISCUSS THE MOST PRESSING ISSUES.

Our 20th Policy Orientation featured panelists and speakers offering a wide range of perspectives on timely, poignant issues facing Texas and the nation: the border crisis, COVID-19 policy, parental empowerment reform, energy, and more. We welcomed almost 1,200 attendees including legislators, legislative staff, donors, grassroots activists, and media. Keynote speakers included Gov. Greg Abbott, Lt. Gov. Dan Patrick, Attorney General Ken Paxton, U.S. Senator Ted Cruz, and U.S. Senator John Cornyn. During the event, TPPF articulated our legislative agenda for the 88th Texas Legislature and educated attendees, online and in person, on our solutions. Our impact is clear: Governor Abbott publicly endorsed both our education freedom and property tax relief goals after the conference.

Have a look at the excitement of 2022's event in the photo spread on the next page!

POLICY ORIENTATION IS NOW THE TEXAS POLICY SUMMIT

For 20 years, Policy Orientation has served to “orient” the Texas legislature with our policy agenda. Over time, the event has evolved into much more than an orientation, as TPPF now works with policymakers on our reforms year-round. To reflect this evolution, TPPF is proud to unveil our conference as the newly reinvigorated Texas Policy Summit (TPS).

Like Policy Orientation, TPS will cultivate informed, active citizens through policy debate and connect participants with a broad network of thought leaders.

Texas Policy Summit will be held **March 1-3, 2023**, with Texas Independence Day appropriately at its center.

www.TexasPolicySummit.com

Our achievements would not be possible without the vision and fortitude of our supporters:

Engagement and awards dinners allow our team and supporters to celebrate our greatest accomplishments and commemorate our many supporters whose service inspires others to help advance our shared values in Texas and beyond.

In all of these celebrations, we recommit to the enduring principles of liberty and personal responsibility, presenting our work to longtime friends and newcomers who want to champion these principles in their own lives.

Laura Ingraham speaking at the Houston Awards Dinner.

ENGAGEMENT DINNERS AND AWARDS DINNERS

CELEBRATING WHAT MAKES TEXAS AND AMERICA EXCEPTIONAL.

In 2022, TPPF held awards dinners in San Antonio, in Midland, and in Houston, where we presented awards to honored patriots such as former congressman, the Honorable Lamar Smith, Olga and Joe San Miguel, Dennis Johnson, and Nina and Edd Hendee (honorees pictured at right).

TPPF is thankful for the model of leadership and stewardship of these inspiring individuals.

Nina and Edd
Hendee

Dennis
Johnson

Joe and Olga
San Miguel

Hon. Lamar
Smith

THE VETERAN VANGUARD TOUR

UNITING VETERAN ENLISTEES AND OFFICERS IN OUR MISSION.

In 2022, TPPF launched its Veteran Vanguard tour to engage more of our nation's heroes with our shared mission. Veterans' voices are valuable on a diverse array of issues, from border security to limited government. Through these events, veterans can leave their thumbprint on Texas policy and continue defending the values of Texas and America.

FUNDING FREEDOM

TPPF's many victories of 2022 and our ongoing success would be impossible without the generosity of our supporters. TPPF is thankful for the investment of our donors which sustains our cutting-edge research, legislative engagement, public outreach, and inspiring storytelling.

2ND ANNUAL VICTORY SUMMIT

TPPF ANNUAL PREMIER DONOR RETREAT FOCUSES ON FORGING THE FUTURE OF THE REPUBLIC.

Top conservative leaders from Texas and around the country joined TPPF's annual major donor retreat, Victory Summit. Victory Summit was held at the beautiful Hyatt Regency Lost Pines Resort and Spa. Speakers and panelists included Honorable Mark Meadows, Senator Mike Lee, Honorable Brooke Rollins, Dr. Kevin Roberts, Lieutenant Governor Dan Patrick, and Attorney General William Barr. This exclusive event for our highest-level donors allowed for intimate, strategically important conversations about the most significant fights facing Texas and America.

September
14-16, 2023
San Antonio

The third annual Victory Summit will be held this fall at the Hyatt Regency Hill Country resort in San Antonio, Texas.

Attendance at this intimate major donor gathering is by invitation only. To learn more, contact Annie Casteel at (512) 615-7982 or acasteel@texaspolicy.com.

BUILDING OUT THE TPPF HEADQUARTERS

TPPF'S EDIFICE OF FREEDOM HAS NOW BEEN COMPLETED WITH THE J.E. AND L.E. MABEE FOUNDATION FLOOR.

With a growing demand to expand our team of professionals who address scores of public policy issues through our research, advocacy, and litigation efforts, TPPF undertook the construction of our unfinished fifth floor in our Texas headquarters.

During this process, TPPF sought to build upon more than brick and mortar by fortifying future conservative leaders. The fifth floor houses 19 offices, three cubicle spaces, a break room and catering kitchen, a law clerk office, an executive conference room, a meeting room, and significant storage space. The fifth floor also provides the additional space needed to build out our litigation arm.

In addition, the fifth-floor buildout also afforded an opportunity to refurbish our communications studio to meet our growing demand for in-house content production; our communications suite was converted into a state-of-the-art facility where interviews, livestream video events, and other media productions can be held.

Our ribbon-cutting ceremony unveiled the new fifth floor in fall of 2022.

As the conservative movement continues to face obstacles communicating through traditional media outlets, TPPF's refined communications and media capabilities will ensure robust engagement with citizens and lawmakers.

In addition to our efforts to build out our Austin headquarters, TPPF also maintains an office in Washington, D.C. which allows TPPF to continue to influence the national conversation and inject our state-centered reforms into the national conversation. With the completion of the fifth floor and our maintained presence in Washington, D.C., TPPF has expanded its ability to press the case for liberty in Texas and nationwide.

Conducting an interview in the new Communications studio.

LEGACY

THE LONE STAR LEGACY SOCIETY ENSURES THAT FUTURE GENERATIONS ENJOY THE BLESSINGS OF TEXAN VALUES AND HERITAGE.

The Lone Star Legacy Society honors individuals and families who are making long term financial plans with TPPF. TPPF is honored by its members who direct available resources to TPPF because of their dedication to our shared ideals and our desire to preserve the American Dream and the Texan way of life for future generations.

By joining the Lone Star Legacy Society, members protect what they have worked so hard to earn and direct their estate in a way that preserves their values. Lone Star Legacy Society members are recognized with the full benefits of our most generous donors. We also provide anonymity to members, at their request.

LIST OF BENEFITS

- PERMANENT RECOGNITION ON THE LEGACY SOCIETY WALL IN TPPF'S HEADQUARTERS BUILDING
- SPECIAL RECOGNITION AT EVENTS AND IN PRINTED MATERIALS
- INVITATIONS TO EXCLUSIVE EVENTS WITH PRIORITY SEATING
- PRIORITY COMMUNICATION WITH TPPF'S LEADERSHIP
- THE DEEP SATISFACTION OF HELPING SECURE A FREE AND PROSPEROUS TEXAS FOR FUTURE GENERATIONS

FINANCIALS

THE GENEROSITY OF OUR DONORS MAKES TPPF'S VICTORIES POSSIBLE. THANK YOU TO ALL WHO GIVE.

2022 Expenses

Policy and communications make up the majority of our work, while TPPF dedicates roughly a quarter of our total expenses to expanding capacity for the future.

Donors by Level

Donors who give less than \$1,000 per year constituted more than 90% of our nearly 5,946 supporters in 2022. We rely on the generosity of thousands of patriots.

Average Giving

**3 GIFTS
TOTALING
\$86**

For donors giving less than a thousand dollars per year, the average annual contribution was \$86 dollars spread across 3 manageable gifts. Every gift makes a difference.

TOP TEN PRIORITIES OF OUR LIBERTY ACTION AGENDA

TPPF released our Liberty Action Agenda (LAA) for the 88th Texas Legislature in January 2022. This early release affords us the maximum amount of time to educate policymakers and rally support around these critical reforms:

1. PUT PARENTS IN CONTROL OF THEIR CHILD'S EDUCATION. Parents should be the ultimate decision maker when it comes to the best education for their child. To empower parents, Texas should make school curriculums transparent and demand that school officials treat parents' legitimate concerns with respect. Texas must hold its education system accountable for the quality of the education it provides and remove the barriers that limit where parents can choose to send their kids to school.

2. PASS A CONSERVATIVE TEXAS BUDGET. The state budget should not grow faster than Texans' ability to pay for it. Texas should limit the total budget to a maximum of population growth plus inflation so that we can keep spending in check and return excess funds to taxpayers.

3. ELIMINATE PROPERTY TAXES. Texas can eliminate property taxes by phasing in a buydown using surplus state revenue and redesigning the system to raise revenue with a broader sales tax base.

4. PROHIBIT TAX DOLLARS FROM FUNDING LOBBYISTS. The Texas Legislature should ban the practice to ensure that Texans do not fund the special interests that work against the taxpayers' interests.

5. SECURE THE INTEGRITY OF ELECTION RESULTS. Texas should continue to improve its system for collecting and counting votes to ensure only legal votes are accepted, fundamental democratic rights are protected, and violations of election law are fully prosecuted.

6. REFORM FOSTER CARE LICENSING AND REGULATION. Ensuring that no Texas child enters foster care without a safe, supportive home to go to will require the legislature to reform standards governing the licensing and oversight of community-based foster care service providers.

7. PROHIBIT MUNICIPAL REGULATION OF GREENHOUSE GASES. The State of Texas should have sole regulatory authority over greenhouse gas emissions to preempt municipal overreach, restore regulatory certainty, and protect Texans' pocketbooks from activist city councils.

8. RAISE THE BURDEN OF PROOF IN CIVIL ASSET FORFEITURE PROCEEDINGS. Current civil asset forfeiture law now endangers individual rights and the integrity of law enforcement. Texas should raise the burden of proof in these proceedings.

9. CONDUCT STATE AGENCY EFFICIENCY AUDITS. Efficiency audits are deep investigations that determine whether taxpayer dollars spent by the agency are achieving desired outcomes. Texas should require that every state agency undergo a regular efficiency audit to improve services provided to Texans while reducing waste and saving taxpayer dollars.

10. GIVE PATIENTS PRICING INFORMATION PRIOR TO SCHEDULED SERVICES. Texas should make it mandatory for medical providers to give patients the price for non-emergency procedures and treatments before performing them.

To ensure the flourishing of Texans during the next quarter-century, TPPF was hard at work in 2022 and will continue to fight for these bold policy proposals that embody the Texas ideal. To see our full Liberty Action Agenda online, scan the QR code at right.
