

**Benny Peiser, Ph.D.**  
**Director, Global Warming Policy Foundation**

Dr. Benny Peiser is the director of the Global Warming Policy Foundation (GWPF), one of the world's leading climate and energy policy think tanks based in London, United Kingdom.

The GWPF is a non-partisan think tank founded by the late Lord Lawson, Britain's former Chancellor who served in the cabinet of Margaret Thatcher. Dr. Peiser has written extensively on international climate policy.
