DATA & RESEARCH

## DEREK RYAN BIOGRAPHY

Fifteen years ago, Derek created Ryan Data & Research, a company specializing in research, voter data, and database management for candidates and campaigns. Since founding this business, Derek has helped candidates at all levels of government, from US Senate to Justice of the Peace.

Since founding Ryan Data & Research, Derek's clients have a 75% win rate. During the 2022 Republican Primary, Derek's clients went 26-3.

Prior to starting Ryan Data & Research, Derek was on the staff at the Republican Party of Texas (RPT) from 1999 to 2009. Initially hired as a part-time intern while in school at The University of Texas, a full-time position was created for Derek after finishing school.

During his tenure at the RPT, Derek became the Research Director and his responsibilities included: opposition research, targeting, and managing the RPT's master voter file which was used by candidates across the state. After leaving the RPT to start his own company in 2009, Derek remained on retainer with the RPT through the end of 2020.

Derek has also worked for Senator Kay Bailey Hutchison in both her Washington, D.C. and Austin offices. His area of focus was commerce, science and transportation legislation, but he also assisted with constituent services.

In 2003 and 2007, Derek worked on Governor Rick Perry and Lt. Governor David Dewhurst's Inaugural Committees. He served as the Volunteer Director and was responsible for recruiting and managing hundreds of volunteers for the various inaugural festivities.

Derek is a sixth generation Texan and when not working, he enjoys spending time with his wife (Andrea), golfing, traveling, attending Longhorn sporting events, and rescuing dogs. Andrea and Derek have two children (Charlotte and Elizabeth) and one dog (Reagan).
