

Bio for Chris Perkins

Partner, Ragner Research Partners

Chris Perkins is an expert in quantitative and qualitative analysis. He's considered one of the most accurate pollsters and top public opinion experts in the United States. Since 2010, Chris has polled for nearly one hundred winning Republican candidates for Governor, U.S. Senate, U.S. Congress, and a variety of other offices. Chris has also been a key resource for numerous organizations tackling public policy issues, including Fortune 500s, trade associations, and non-profit organizations.

When he's not wading through petabytes of data, Chris can usually be found at one of his kids' baseball games, hosting friends to some of the best block parties in Austin, or explaining the virtues of Austin barbecue to the uninitiated. And rest assured, while Chris's barbecue is never over seasoned, his highly detailed memory of every campaign he's ever touched intimidates even his most seasoned employees.
